**VOC IMPACTED SOIL REMEDIATION & REUSE - BUILDING 36 AND A - BOEING
REALTY CORPORATION, LOS ANGELES (FILE NO. 100.315)**

We have reviewed your October 21 and 31, 1997, submittals for the above-mentioned site, which constitutes a workplan for remediation of excavated soil on-site. The following are our comments:

1. We have no objections to implementation of the proposed work on-site.
2. This work can be undertaken under Waste Discharge Requirements already issued to the facility.
3. Please notify staff at least 48 hours in advance of planned reuse on-site in order for staff to obtain split verification samples.

If you have any questions regarding this matter, please contact me at (213)266-7550.
